

GEAR PUMPS FOR THE TOUGHEST APPLICATIONS

Industrial / Chemical pump applications demand customizations, flexibility, quality and easy maintenance.

Our new 3-piece design, corrosion resistant FX flexinox pumps can be configured with remarkable wide range of components to meet challenging applications which call for high performances.

Image below is of our FX flexinox 28 pump system with API 682 double mechanical seal, foot, flexible coupling and electric motor.

The FX pump series portfolio includes different sizes with a varied window of flowrates, from 1.1 up to 139 l/min for a viscosity range from 0.3 up to 500000 mPas.
